## Want more tools in your teaching toolbox?

Join us for six days of training focusing on:

- Building positive relationships with children and their parents
- Proactive classroom management and preventing problem arising
- Praise, attention, encouragement and coaching
- Motivating children through effective use of incentives
- Decreasing inappropriate behaviours
- Using time out to calm down
- Teaching children's prosocial skills, emotional regulation skills and problem-solving skills
- Developing a comprehensive discipline hierarchy and behaviour support plan

## Impact of training given by NEPS in Phase 1

### Significant difference before and after attending the training in teachers

- Sense of efficacy in engaging and motivating students to learn
- Sense of efficacy in using proactive and preventative strategies for behaviour management
- Sense of efficacy in developing and implementing instructional strategies to meet students' needs

### Satisfaction survey from Irish teachers trained

- 96% of teachers would recommend the programme to another teacher
- 100% of teachers felt confident to manage future behaviour problems
- 99% of teachers had expectations of good results from the programme
- 98% of t teachers saw an improvement in target student behaviour

"Most difficult child has made a complete & unbelievable breakthrough, based solely on the implementation of ideas/strategies learned on this course"

"I cannot find fault. Excellent delivery, ideas, atmosphere"

"As a teacher who is only 6 years into my career, I found the whole programme a great help and a boost to my confidence"

"I feel that it was an excellent programme and very beneficial to me in terms of helping me to be a better teacher"

"Content is excellent and it does work...Three staff trained and we are now on the same page"
