

2020 Online Summer Course

25 Inventions that changed the World

Course Ref: 323

This course offers teachers the opportunity to consider the various inventions that have shaped our world. Some of the choices may not have been considered before as things that have shaped our world. These choices may provide wonderful opportunities for individuals or class projects that incorporate many subjects.

Early Bird course fee €59.

Early bird offer only available until the 29th of June, after this date course price will be €69 (fee non-refundable)

Please note there will be no multi course discounts this year.

Course eligible for EPV days.

Course will run from 1st July - 14th of August.

Course will have a maximum capacity and is subject to availability, so book early!
